

Dentistry and Children: What is the best way to care for my child's dental health?

Community Workshop Friday 7th October at 4pm

Presented by:

Dr. Harvey DDS, Chief Dental Officer
Turks & Caicos Islands Government

Held at the Nursery School,
The International School of the TCIs

Bring your questions to our specialist about how to care for your child's teeth!

This free and informal workshop is aimed
at all parents who want to keep their
children's teeth healthy and cavity free.

The goal for your child is a lifetime of
strong healthy teeth and gums and a
bright smile.

Dr. Harvey will offer advice on teething,
children's dental development and
nutrition.
